Dear Campbell:

I am glad to hear through Marjorie this week that things go smoothly with you. Let us hear from you occasionally. I am sending a bundle of reprints that may interest you. I have not yet got off the set of the 'Revue de Medicine,' Wesley does not think that they could be sent through the Smithsonian.

The new baby seems to be flourishing, and both Marjorie and T.B. write very enthusiastically.

Sincerely yours,

Wm. Osler.
