(To Leonard L. Mackall)

FROM THE REGIUS PROFESSOR OF MEDICINE, OXFORD.

Oct. 15, 1910.

Dear Mackall:

I do not think it makes much difference from which country you come in.* So glad you are coming to the meeting on Monday: I shall be there unless a cold that I have contracted grows worse.

When do you leave London? I should like so much to see you again.

Sincerely yours,

W^m Osler
