Dear Mr. Phipps,

Excuse the delay about the Pasteur Life but there has been a difficulty as three separate lives were issued in this country, and after negotiating for a time with Longmans, who had to write to ~~Rapet~~ the author, I find that these other lives had been published by Constables. I have written to find out if they have any stock, or the plates from which copies could be struck off.

With greetings to Mrs. Phipps and the 'boys'.

Sincerely yours,

W^m Osler
