Oxford.

May 13th, 1911.

Dear Kelly,

Many thanks for your letter; it will be an interesting experiment and may succeed. It is out of the question of course for you to fall in with it, but I do hope they will come to arrangements by which your great services to the Hospital may be retained. I shall be interested to hear what arrangements have been made about the private patients, as of course the Trustees will have to charge good big fees for operations on well-to-do people. I am very sorry for Barker, I do not see how he can possibly get along on the salary you mention.

Sincerely yours,

(Signed) W. Osler

P. S. You may be interested to know that I did not take away a dollar of all the money I made in practice in Baltimore. I got away with a total a little less than I took in from my textbook and the interest in the whole did not amount to the pension which I hear Hurd gets. So all clinical men do not grow rich!
