Dear Parfitt,

Delighted with the picture of the baby who looks very satisfactory, and it is nice to see Mrs. Parfitt looking so well. I am sure Patsie will be a great joy to you both.

I am delighted to hear that you are full of work, and if you feel as you look you must be uncommonly fit.

The family has just been stirred up by my Baronetcy of which you have no doubt seen. It has given the family a great deal of pleasure.

With love to both your girls.

Sincerely yours,

Wm. Osler.
