

13 Norham Gardens

Oxford, July 6th., 1911.

Dear Miss Charlton:-

I send you the two Diplomas, and a very interesting 17th. century Album Amicorum to be put in my collection in the Library. The Leyden Diploma is of great interest as the early ones are very rare. The Album Amicorum is not a very good specimen. These are books in which a student would get his friends and fellow students to write their names. Many of them are beautifully illuminated and illustrated. Did I not send you also a William Hunter Certificate, of one of the old London School Diplomas? Let me know as I do not want to be caught by buying duplicates.

Sincerely yours,

(Signed)

Wm. Osler.

Dictated.
