Dear J.W.

You have a devil of a time over here - between friends and relatives.
Try Labrador next summer!

Yes do use my name as seconder at the R. A. C. My compliments to your cousin & his son. I should be glad to meet them there, as I use the club now a good deal - the bedrooms are convenient. We have a house in a delightful valley run-up from the sea. - Everything is fresh and green. Such a contrast to the South. Revere has had some good fishing in the lakes, but the rivers are too low yet for the sea trout. We return the end of next week.

Love to Mrs. White in which Mrs. Osler joins.

Sincerely yours,

W^m Osler

My greetings to Mrs. Abbey when you see her. I called just before leaving, but she could not bear an interview.
