

From the Regius Professor of Medicine, Oxford.

13 Norham Gardens  
November 9th (1911)

Dear Parfitt:

How the "Daughter of Heth", who looked after my letters, could have put you down "Muskoka Falls", Heaven only knows! The enclosed letter was returned to-day from the D.L.O. I hope all goes well with you and the lassies. Give them both my love.

Sincerely yours,

W. Osler.
