

From the Regius Professor of Medicine, Oxford

28th February, 1912.

Dear Hurd,

Looking over my volumes of the Bulletin for binding I find the following numbers missing. Could you have them sent to me? and also the covers from Vol. 18 onwards:-

|      |         |         |
|------|---------|---------|
| 1907 | April   | missing |
| 1908 | Septem. | "       |
| 1909 | March   | "       |
| 1910 | Decem.  | "       |
| 1911 | June    | "       |

Sincerely yours,

Wm. Osler

Ask them to send me a memo.

Love to the family. I am deep in the revision of my text-book. Fortunately McCrae is going to see it thru the press and will do the treatment sections!
