

(Dr. J. A. Nixon, Bristol, Eng.)

Oxford, (post-card)

postmarked: March 3rd, 1912.

Many thanks for your paper which I have just used in the revision of the cardio-vascular section of my text book. Just came in time. You must have put a lot of work into it

Greetings to your mate - I hope he is not making Curschmann's spirals. When are you coming for a week end? May? when the town is bright.

2nd.

W. O.

(Note: re Article on Abdominal Aneurysm in St. Bart's Hosp. Reports 1912; & enquiry into Mole's health, who was a sufferer from asthma.)
