Dear Shattuck,

Sir Bertrand Dawson and his wife are sailing on the "Mauritania" on the 23rd. D. is an exceedingly able man, physician to the London Hospital, and physician extraordinary to the King. He is going out in purpose to look over medical education in America. Lady Dawson is also much interested in Hospital work. Please do what you can for them. Their address will be the Ritz-Carlton, New York.

Sincerely yours,
