Dear J. W. White -

So glad to hear from you. I have sent a card to Penrose - I fear Keith will be away but I have asked them to find out. We are in this far distant spot on the North coast of Scotland where the fishing is good and the rain is wet, but Revere has been out every day from 9 to 6:30 and has had very good sport. He is the craziest fisherman I ever knew. He hopes to land a salmon before he leaves but August is not a very good month. S

Shall you be in England? We return about Sept. 10th. Do let me know. It would be such a pleasure to see you both at Oxford.

Love from us all to you both.

Sincerely yours,

Wm. Osler.
