Summer of 1912 Aug.

Dear Harry T.-

A & Co. will send you Ed.8th. Not all I could wish but
the framework is solid. We have had a good summer, though wet. I spent
a few days at Dundee and heard Schaefer's assault on the Vitalists. Sorry
not to have seen anything of Mrs. Worthington. Revere is in fine form,
fished every day in Scotland, usually in the rain.

Love to the family all--including Margaret.

Yours,

W.O.
