(A.C. Klebs) .....I should be very glad to join the French  
Historico-medical Society; I dare say I shall hear from the Secretary  
..I have had a great hit this week with the Stirling Maxwell pri-  
vate reprint of the Tabulae Sex of Vesalius<sup>x</sup>, of which he had only  
a limited number for circulation among the libraries. Quaritch got  
it for 5 pounds.....

x Writes later without date:  
..I am sending the Tabulae sex.  
Maxwell reprint to Sudhoff.."
