From the Regious Professor of Medicine, Oxford

23rd Nov. 1912

Dear Smith:

I have heard now definitely from Yale that my lectures begin in the week of the 20th. I will have to be there until at least Tuesday 29th. I have not heard yet from you any suggestion of the Hopkins date, but any time after that would suit me.

So sorry I did not get your invitation for the Harriet Lane Home until yesterday - too late to send a cable of congratulation.

Sincerely yours,

Wm. Osler.

13 Norham Gardens.
