(Dr. John W. Churchman)

FROM THE REGIUS PROFESSOR OF MEDICINE, OXFORD

2nd Dec., 1912.

Dear Churchman:

I think you will have to cut down the historical part* to a few paragraphs if it is possible. Look up Sudhoff's new monograph "Erstlinge der Syphilislitteratur." Do send me a reprint of your observations, from the Journal. It will be delightful to see you all next spring.

Sincerely yours,

W^m Osler
