

From the Regius Professor of Medicine, Oxford.

9th Dec. 1912.

Dear Garrison,

*Oh,* I was very glad to see your notice of Fletcher in the Journal, and I picked out one or two things from it for the notice I have written for the Bristol Journal.

I shall be very glad of the historical catalogue, which will be quite useful. I will send the notice to Captain Robert Fletcher.

Sincerely yours,

Wm. Osler.
