

(Letter to Dr. Adolf Meyer)
(typewritten)

16th Dec. 1912.

From the Regius Professor of Medicine, Oxford.

Dear Meyer,

April 16th would suit me quite well, and I will write to Kraeplin and also let MacDougall know of the date. I think your programme is excellent, and I am sure we shall have a delightful gathering.

Sincerely yours,

WM. OSLER.
