

CUS417/114.135

From the Regius Professor of Medicine, Oxford

19th Dec. 1912

Dear Smith:

By this time Meyer will have shown you my letter saying that April 16th would suit me very well. I am sure we shall have a splendid gathering, and Meyer has got together a very interesting group of men, who will add much to the occasion.

Sincerely yours,

13 Norham Gardens

Wm. Osler
