

From the Regius Professor of Medicine, Oxford.

27th Jan. 1913.

Dear Garrison,

I am glad you liked the little Fletcher booklet, in the making of which the Bristol men have taken a great interest. I am looking forward to having a nice day with you at the Library in May -- particularly going over the Incunabula. I have not had time yet to go over the historical list, but I can see that it is going to be very helpful. Let me have another copy please. Our Historical Section is doing well.

With greetings to McCaw,

Sincerely yours,

Wm. Osler.
