

(Typewritten)

(To Dr. J. B. Hurry, Reading)

FROM THE REGIUS PROFESSOR OF MEDICINE, OXFORD.

14th Feb., 1913.

Dear Hurry:

Thanks you so much for your book* which I was looking over last evening with much interest. You have certainly got together a great deal of most interesting material, and I see you have incorporated a great deal that is new.

Your suggestion about the historical section is interesting, but I doubt very much if Mr. Wellcome would part with it. I would indeed like to see it go to one of the Universities in connection with a historical department such as they have in the University of Leipzig. Shall I ask about it, or will you?

Greetings to the family, - particularly to the lassie.

Sincerely yours,

W^m Osler
