From the Regius Professor of Medicine, Oxford

26th Feb. 1913.

Dear Sir:

With reference to the figures, of which there will be a good number, would it be more convenient to have them taken from the lantern slides, or would you like the negatives of the photographs? I shall have everything ready for you after the lectures, and we should be able to have the book out by October. /

Very truly yours,

Wm. Osler
