

XVIIth International Congress of Medicine (London, 1913).

Central Office:— 19 Green Lane St.
~~13, HINDE STREET,~~
 LONDON, W.

March 25

Dear Sir William Osler

At the meeting on Friday the invitations conveyed through you from Lord Stratheona & Mr. W. Aston were accepted with thanks. With regard to the former I was directed to write & ask you whether you could sound Lord Stratheona as to the possibility of substituting an entertainment in town for one at Debenham, & if such were offered, & it was an evening entertainment, it was found that the evening of Monday Aug 11th was most suitable to us. With regard to Mr. W. Aston's offer the Committee wondered whether he would feel inclined to give it on the Sunday afternoon & also whether he would desire to give any special facilities for Americans to be included. These points will, of course, be at your discretion to suggest or ask as you think fit.

With best regards
 Yours sincerely
 Clive Riviere
