Dear Garrison,

They have asked me to speak on Dr. Billings Bibliographical work at the N. Y. Memorial meeting on the 25th. Could you send me (Care of Graduates Club, New Haven) a few details; (1) date of origin of the Library and mode of. (2). Any early printed record reference to -- I could probably get it at Yale; (3) No of volumes of the Index which Dr. Billing edited; (4) Is there not a pamphlet about the plan of the Index?; (5) How many volumes of the Index ^{Medicus} did Dr. B. edit?; (6) Any other points of interest about the early days of the Library.

Yours gratefully,^{cc}

Wm. Osler.

P.S. I shall be at the Library Association meeting. *May 5th*
