~~April 6, 1920.~~

George Parmly Day, Esq.,
Woodbridge Hall.

Dear Mr. Day:

I regret to say that I have no letters from Sir William Osler here except the one of which I send you a copy. There were one or two slight notes on the occasion of his visit to the Elizabethan Club, but these were not preserved, and were not of much importance anyway.

Sir William Osler bought and gave to the Elizabethan Club a copy of the original edition, Edinburgh, 1614, of Napier's "Mirifici logarithmorum."

Yours very sincerely,

Andrew Keogh
