

(To Dr. H. B. Jacobs)

Oxford.

31st May, 1913.

Dear H. B.

Thank you so much for getting me the Walters catalogue, which is first-class and a fine book in every way. I am writing to him also.

Have you got W. F. Smith's Rabelais, 2 vols. privately printed? S. is the Cambridge Rabelais scholar, and the best in England.

I have picked up another copy on the chance that you have not got it.

Have you also Rev. G. C. Jenner, "The Evidence at large as laid before the Committee," etc. 1805, 8vo? I just see it in a catalogue, and if you have not got it, will send it out, if I get it.

Sincerely yours,

Wm. Osler.
