

CUS417/116.2

From the Regius Professor of Medicine,
Oxford.

To Sir John MacAlister.

3rd July, 1913.

Dear MacAlister,

I think it would add very much to our comfort, if, as you suggested, the roof could be turned into a meeting room: I should be very glad to meet the cost. It will lessen the serious risk of over crowding.

Sincerely yours,

Wm. Osler.
