(To Dr. T. R. Boggs, Baltimore)

FROM THE REGIUS PROFESSOR OF MEDICINE, OXFORD.

16th July, 1913.

Dear Boggs:

I am very sorry to hear that you have got such an interesting malady. It is too bad that you cannot come over. We were looking forward so much to having you at the "Open Arms".

We are very busy getting ready for the Congress. Do let me hear how you progress.

Sincerely yours,

W^m Osler
