James Tyson

Gulag Hotel,

Lochinver, North Britain.

(1911) Aug 29th. 1913

Dear Tyson,

I wish you could have been at the Medical Congress - a great gathering from all parts of the world. Had a splendid medical section. Dock and Barker read admirable papers introductory to the discussion on Diabetes and Arthritis. Cushing too made a strong impression in the internal secretion discussion. Von Noorden, Sahle, His, Kraus, Müller and Chauffard were our most distinguished foreigners. We have come here to this far away north coast corner of the Island for a month's rest. Revere fishes all day, we loaf and read. I hope all goes well with the family - Love to Nell and to Mellor and wife.

Yours ever,

(signed) Wm. Osler.
