

(Yale University Press)

From the Regius Professor of Medicine, Oxford

13, Sept. 1913.

Dear Hackett:

I have just returned from Scotland, and had hoped to send Lecture 1, with corrections and additions today, but it must wait till next week. I had expected to find some more proof here. Your letter of the 5th has just come, saying you send proofs of 2-5.

As to your questions: please yourself about the bindings. Send me a dummy. We shall be able to have the book out by Christmas. You can arrange the page proofs alright. I will ask the Press to send the memorandum of the cost of the photographs.

Sincerely yours,
