

Autobiographical notes. 1914.

1914.

Sun. Jan. 11-17. Away London.
 Tu. Mar. 10. Cons. H.R.H. Wales*

x Saw the Prince again to-day. Very good term. He has been hunting and beagling and enjoying life very much. He bedevils Hansell a bit by keeping late hours and taking too much exercise before breakfast. He looks well and fuller in the face, and has gained 5 lbs in weight. His outlook on life is much brighter and he is in better spirits.
