FROM THE REGIUS PROFESSOR OF MEDICINE, OXFORD.

8, Jan. 1914.

Dear W. S.,

So many thanks for the photograph. It is evidently a fine piece of work and I see a good look of Johnny in the eyes, which I suppose is as much as one can expect. Where is it to go?

Rumors come constantly that Barker will not be able to accept the new conditions. I hope perhaps you may be able to; only do not let the Trustees exploit your brains too much for the private patients. They could easily suck a man's marrow dry in a few years. It will be rather hard in a few years. It will be rather hard on Sister Susan all the same.

Love to you both and best wishes for the New Year.

Sincerely yours,

Wm Osler
