University of London - Faculty of Degrees on the occasion of the opening of the new School of Arts in the Senate House at the University of Trinity.

From the Regius Professor of Medicine, Oxford.

Prince Arthur of Connaught,
Lord Euston,

8, Jan. 1914.

Dear Garrison,

Congratulations on the Book, which is splendid and a great credit to you, the Surgeon General's Library and the country at large. I have only had time to glance over it, but I can see it is going to be very helpful, particularly to one like myself, interested in bibliography. That chronological list is very valuable. I will write to you again after I have looked it over more thoroughly.

Sincerely yours,

Wm. Osler
