(To Leonard Mackall)

FROM THE REGIUS PROFESSOR OF MEDICINE OXFORD.

20 Jan., 1914.

Dear Mackall:

Yes, thanks! I had the Dutch Pseudodoxia, but I am keeping it for a friend. Many thanks for your notes which I will add in their proper places. Hough published about 50 or 60 copies of a medical incunabula dealing with books to about 1510. Though not complete, it is a valuable list. The book is of extraordinary rarity and I only succeeded last year in getting a copy. I have ordered this week the "Practice" to be sent.

Sincerely yours,

W.O.

Will send note on other memoranda.
