(Dr. H.V. Ogden)

From the Regius Professor of Medicine, Oxford

27, Jan. 1914.

Dear Ogden,

Sorry to hear of Peckham's death.

What a remarkable picture! Your plan for reporting is admirable. Please do take part in it, for there have been very few cases & you were in the affair early. I should think the Archives of Medicine would be the place to publish.

How interesting that you should have typhus there! Glad to have good reports of your mother. We have had a very busy Christmas and New Year. The boy is maturing and getting ready for College. Give my love to Frances and the children.

Garrod's address is Dr. A. E. Garrod, 9, Chandos St., Cavendish Square, London, W.

Sincerely yours,
W^m Osler
