## THE ATHENAEUM

Dear Mabel

So nice to hear from R.B. this week that you are all right and gaining daily & that the baby is thriving. I like the name Phyllis very much, very appropriate for a Spring arrival. How crazy Sylvia will be about her. I hope you will soon be at Mt Kisco, and able to do everything. What a long weary time you have had, but it has, I am sure you feel, been worth while. I am sailing Sept. 5th. and shall arrange to come to you whenever convenient. We are very busy & enjoying a wonderful spring. I never saw the country more beautiful, and the sun has had his own way for three weeks. Revere has been in Scotland, fishing with a friend. They got back this morning. Did I tell you he passed the Matriculation - we were very doubtful about it, as he is not good at exams. I will steal one of his little etchings for you. In about a week after this you will have a photograph of a crayon sketch which Sargent made of me for the College of Physicians Phila. - a bit dour as the Scotch say. Love to you all - & kisses to Sylvia & Phyllis

Affectionately yours

WM OSLER
