FROM THE REGIUS PROFESSOR OF MEDICINE, Oxford.

(Dr. W. S. Thayer)

5, May, 1914.

Dear W. S. ,

It is good news indeed to hear that Janeway is likely to come, as, with his reputation and first-class methods, there is little chance that he would disturb the even routine of the Hospital.

Thanks for the note about Miss Hamilton. I do not suppose there is anything very serious.

We are very busy - all sorts of things on hand. We have got the Hadleys from Yale staying with us.

Sincerely yours,

Wm Osler
