(To Dr. T. R. Boggs, Baltimore)

FROM THE REGIUS PROFESSOR OF MEDICINE, OXFORD.

24 August, 1914.

Dear Boggs:

Many thanks for that group of nice papers - all of great interest, the Bence-Jones ones particularly. I have rewritten Text book art. from them.

I shall not be able to come out now, unfortunately. This wretched war business has upset everything. Lady Osler and Revere returned by the same boat. The country is taking the whole thing very quietly, and I suppose we shall be safe enough if the seas can be controlled; but it is a long business.

Greetings to all your nice boys.

Sincerely yours,

W^m Osler
