(From secretary's notebook)

(To Prof. Ehrlich, Germany)

Aug. 27th, 1914.

Dear Ehrlich:

Do you think it would be possible to arrange for the manufacture of salvarsan in the United States under your direction? I have had letters and have been asked to communicate with you through the American Ambassador in Berlin. Perhaps Flexner has already communicated with you. No doubt the Rockefeller Institute would undertake the control and arrange that your financial interests were protected.
