
From the Regius Professor of Medicine, Oxford.

28, August, 1914

Dear Williams:

I am terribly disappointed not to be able to come out for the October celebration. I had my passage for the 5th, but, under the circumstances, it is out of the question. I had a note from Welch, saying that he thought it might be postponed, but I think that would be a pity, as it would upset a great many arrangements.

Sincerely yours,

Wm. Osler
