

(Typewritten)

(To Leonard Mackall)

FROM THE REGIUS PROFESSOR OF MEDICINE, OXFORD.

3 October, 1914.

Dear Mackall:

So glad to hear from you. I have been wondering "where you are at," as we say in Maryland. Come directly to us. I have many things to talk to you about.

Many thanks. I have got the Alle syne Woerken [of Leeuwenhoek] 1655-1718 [1685? L.L.M.] of which the last volume is Send-Brieven. I also have his monograph, 1686, on the Haut; but I would like any other original pamphlets. And while you are in Holland just pick up that quarto edition, 1686, of the works of Sir Thomas Browne. It must be loafing about on the shelves somewhere.

That is an uncommonly nice surgeon's room on the postal card.

Sincerely yours,

W^m Osler
