FROM THE REGIUS PROFESSOR OF MEDICINE, OXFORD.

13 October, 1914

Dear Mackall:

Your card only just reached Oxford this morning, and I wired you at once. I have to go to Folkestone to inspect our new Canadian Hospital and shall not be back until Friday. Come then and stay the week-end. Shall be so glad to see you.

Sincerely yours,

Wm Osler

P.S. I have just received your letter from Montagu Street.
