(To Hon. Featherston Osler)

FROM THE REGIUS PROFESSOR OF MEDICINE, OXFORD

November 20, 1914.

Dear Fen:

Thanks for the Journal proofs in which I am having all the corrections made. Of course, the volume will be only for private distribution in the family, and, with the pictures and reproductions, should make an interesting record.

The bound volumes of Family Papers are ready and will come out next week. I am sending you a list of the contents, some copies of which I have had bound up separately.

Tel Hal and Nettie that Philip was here the other day, looking the picture of health.

Affectionately yours,

W^m Osler
