Dear Sir William Osler,

In reply to your letter of yesterday, I beg to say that I have heard nothing officially regarding the offer of a McGill Hospital unit to the War Office. It certainly has not been sent through this Office. As you say, it is evidently a very fine offer indeed, and I hope it may be appreciated and accepted.

Yours sincerely,

Sir William Osler, Bart., M.D., F.R.S.
Regius Professor of Medicine,
Oxford.
