FROM THE REGIUS PROFESSOR OF MEDICINE, OXFORD

December 11, 1914.

Dear Feñ:

Thanks for your corrections in the genealogy, which I have had made. I am putting in a memorandum about Benjamin's descendants, and I think that I have got the correct dates from the Falmouth Register.

It is a fortunate thing that you saw that proof. They are getting on with the volume. E. B. does not wish us to help in the matter of the payment. Copies will be sent to all the children and the grandchildren.

The five volumes of letters &c., went out this week by the "Grampian", and should reach Toronto before Christmas. Make any corrections you see necessary in the index. Maltby has made a splendid job of the volumes.

We are looking forward to having Philip with us for Christmas. Dr. Williams tells me he is doing remarkably well, and has had a very good term.

Love to all the family.

Affectionately yours,

W. O.
