" Dear Keith,

"

Dee - lighted to hear such a good account.

" I enclose my small subscription, pour encourager les

" autres. Just as well to go slow. The great thing

" is to get three or four men obsessed with the idea

" and let them be devil the profession in season and

" out of season until it has its own nice home and

" Library.

"

With best wishes for 1915 and just a  
message to say that the old land is in fine form.

"

Yours sincerely,

"

Sgd. Wm. Osler. "
