

13 Norham Gardens.

W.O. to J. George Adami.
18th.

(hand-written)

Dear Adami,

I cannot get away to-morrow in time for the examiners. Barlow writes that you and Jones have been asked to attend. Do put it hot. Power must be given to clear out the women and segregate them until well. At present the police are helpless.

Yours ever,
Wm. Osler.
