Dear Birkett

It is awfully kind of you to do so much for Revere. Irves has given him papers to fill up which he has sent to Ottawa. He thinks that he can go to the new Clevedon Hospital which is to be opened in a few weeks where he can get trained in routine work in the Quartermasters Dept. It is splendid to hear that you are getting so well organized. I am afraid it may be difficult at first to get started, but I will do what I can with Keogh who is very friendly.

I saw Findley the other day at Salisbury, where they have a good many cases of Cerebro-spinal fever, but the epidemic is subsiding. Let me know if I can be of any help.

Sincerely yours

W^m Osler
