Oxford

Dear Miss Watt,

Please keep  
this in the operating room, whenever  
our Cosmas & Damien wish. They are  
most helpful saints, when approached  
in the spirit of Panurge

Yours

[signed] Wm Osler.

Miss Watt - Matron of  
the Radcliffe Infirmary.

[ "The picture hangs in the Staff Room here  
[Radcliffe Infirmary] & I came across the note the  
other day in a drawer in the same room" - extract  
of a note of Dr. Collier's to me. A.M. ]

n.B Sir Wm's original note bears no  
month or year but was written shortly after  
return from Italian trip. Of course the picture was  
of St. C. & D.
