FROM THE REGIUS PROFESSOR OF MEDICINE, OXFORD.

CUS417/119.76

(typewritten)

12, March, 1915.

Dear Birkett,

I enclose you a letter from Keogh, by which you see that the unit is looked for rather anxiously.

Hope all goes well. We are very busy here. I have been knocking about looking after the cerebro-spinal epidemic.

Sincerely yours,

W<sup>m</sup> Osler
